EXPERIENCE

❖ **Data Analyst Intern | Deloitte India (Analysis), Pune** *(Aug '25 – Sep '25)*
•Created **interactive dashboards in Tableau and Excel** to visualize KPIs for Tata Consultancy Services.
•Improved reporting efficiency by **20% through automation of SQL queries** and **Python scripts**.
•Tools: Tableau, SQL, Excel, Python, Data Cleaning, Statistics, Problem Solving.

❖ **AQMS Analyst | Defence Research and Development Laboratory, Hyderabad** *(Jun '25 – Aug '25)*
•Built a **Power BI-like analytics platform** for directorate-wise audit reports and compliance tracking.
•Designed **ETL pipelines and data models** improving audit report accuracy by **15%**.
•Tools: SQL, Python, R, Hadoop, Spark, Data Warehousing, Machine Learning, Node.js, React.js, Microservices, JWT, CI/CD.

❖ **Data Analyst Intern | PricewaterhouseCoopers(PwC) , Remote** *(Jan '25 – Feb '25)*
•Conducted **call center trend analysis and customer retention strategies** with SQL and R.
•Designed **A/B tests** for retention strategies, improving efficiency by **12%**.
•Tools: SQL, Python, R, Tableau, Looker, Power BI, Regression, Hypothesis Testing, Dashboard Development, Communication.

❖ **Marketing Analyst | IIT Madras, Chennai** *(Sep '24-Jan'25)*
•Designed dashboards to track **registration data and payment patterns**, enabling **10% faster decision-making**.
•Tools: BigQuery, ETL, Data Warehousing, Data Cleaning, KPI Tracking, Business Intelligence

❖ **Data Scientist intern | Intrainz, Remote** *(Aug '24 – Nov '24)*
•Built **Python decorators & generators** for automation in 2 projects.
•Performed **EDA, data aggregation, visualization with Matplotlib, Seaborn, Plotly**.
•Tools: NumPy, Pandas, Matplotlib, Seaborn, Plotly, Scikit-learn, Statsmodels, SciPy.

EDUCATION

❖ **Computer Science & Engineering | Bharati Vidyapeeth College of Engineering, Pune**
CGPA: 8.5 | *(Aug '22 – Jun '26)*

❖ **XII (CBSE) | DAV Public School S.E.C.L Bishrampur, Chhattisgarh**
95.6% | *2021*

ACADEMIC PROJECTS

❖ **Amazon Dashboard**
Amazon Global Sales Analysis – Built dashboards in **Power BI, SQL, Excel, PowerQuery** for sales trend forecasting and geographical analysis.

❖ **EasyMed – Integrated Multimodal AI healthcare triage application**
Integrated **ML, AI, API, Node.js** for predictive analytics.

❖ **JeevanSetu – Panchkarma Ayurveda automated therapy scheduling application**
Develop a dedicated management software to streamline Panchakarma therapies, ensuring authenticity with modern efficiency
Languages: Python, JavaScript, TypeScript,SQL.

Frameworks:Django,Flask,React.js,Celery+Redis,DjangoChannels,Chart.js,Firebase, Twilio,SendGrid,PostgreSQL,GCP, Kafka, RabbitMQ, JWT, OAuth2.

POSITION OF RESPONSIBILITY

❖ **Coordinator | Training and Placement Cell, BVP** *(2024 – Present)*
Organized placement drives & conducted sessions for 300+ college students on Interview related topics.

❖ **Campus Ambassador| IIT Madras, Chennai** *(Sep '24 – Jan '25)*
Represent as the organizer of SHAASTRA 2025 , conducted sessions to join the technical fest of IIT Madras.

ACHIEVEMENTS

❖ **INTERNATIONAL PRESTIGE AWARD AWARD** *(2025)*
In the field of BEST RESEARCH AND INNOVATION to make the Integrated Multi-modal AI Healthcare Triage System.

❖ **Best Diplomat of India| World Diplomacy Contest** *(2025)*
Represented India in the Diplomacy Contest

❖ **Presented 2 Research Papers in International Conference** *(2025)*
Represented Artificial Intelligence and Data Science in International Conference of AI and Networking(DUBAI) and International Conference on AI(PARIS)

❖ **National TT Player** *(2019 – 2021)*
Participated in the DAV Nationals Sports as a Table Tennis team of Chhattisgarh

---

RESEARCH PAPERS/PUBLICATIONS

❖ **Integrated Multimodal AI for Emergency Triage Optimization** *(2025)*
International Journal of Innovative Science and Research Technology.

❖ **Enhancing Microsoft Excel with AI-Driven Natural Language Processing for Automated Spreadsheet Operations** *(2025)*

❖ **Optimizing Emergency Triage with Integrated Artificial Intelligence Systems** *(2025)*
International Conference on AI(PARIS)

SPECIALIZATION/CERTIFICATIONS

- Google Data Analytics Specialization – Google
- Machine Learning with Python – HarvardX
- Big Data Computing – NPTEL (Elite)
- Advanced Excel & Power BI (Self-learning / Projects)
